## OUR MISSION

In May 2011, Jason Kinzler passed away while running the Fifth Third Riverbank Run. Jason, a pillar of health and fitness, left behind his wife Kristi and three beautiful children, ages 10, 8, and 6. Jason was a consummate family man, always putting his family first. In 2012, Kristi and some of the Kinzler's closest friends launched the Jason Kinzler Family First Foundation. Your donation allows us to provide financial assistance to families with minor children who have experienced the unexpected loss of a primary caregiver.

## Family Support

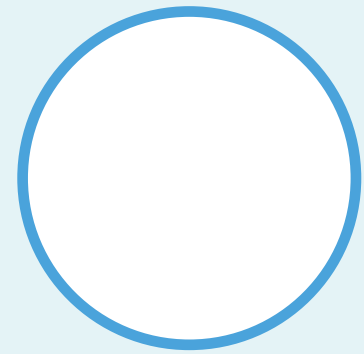

## Donor Testimonial

“My wife, Kristin and I are consistent supporters of JKFFF because we know the funds go to good use. The families that are beneficiaries of the Foundation are greatly impacted and it makes a huge difference. We have also gotten to know the Board members that make the decisions and have complete confidence in the character of those people and it gives us comfort that this is a very effective use of our resources. Thank you, Kristi and all the Board members for all you do. Keep up the good work.”
